≡ Task #5 (2.22 pts.) - Reflection

Progress: 100%

Details:

- Did you have any issues/problems this module? If so, what were they and how did you solve them?
- Did you learn anything new this module? If so, provide some brief details.
- If both answers were no, briefly explain your prior background.

Your Response:

I had two issues with the module, I was unable to access it at first due to Quackbot not being able to assign me the proper access role, and I needed to download Java JDK to the latest version. Both issues were resolved.
